SOLDIERS' BODY LAID TO FINAL REST

Draped in a United States flag, and accompanied by a detail from Louisville, the body of Private James D. Fuller, reached Paris from Louisville, Thursday afternoon, and was taken to the undertaking establishment of George W. Davis. On the casket was a beautiful floral tribute from the Jeffersonville Post, American Legion, of Louisville.

Bourbon Post, American Legion, assembled, in uniform, at the court house, Sunday afternoon, at 1:30 o'clock, and accompanied the funeral cortege, in automobiles to the Old Union church, where solemn and impressive services were held, conducted at 3:00 p. m. by Rev. T. H. Wood, pastor. Following the services the body was taken to the Old Union cemetery, adjoining the church, where a firing squad gave the military salute with three rounds, and a bugler stationed at the head of the grave sounded "Taps" for the soldier whose life had paid a forfeit to the honor of his country.

Private Fuller was a son of Mrs. Martha Fuller, formerly of Paris, now a resident of Cynthiana. He enlisted in the early days, following the declaration of war. He was sent overseas as a member of Co. I, 148th U. S. Infantry. He was gassed in the battle of Argonne Forest just a few weeks before his death, and was taken to an army hospital for treatment. After remaining at the base hospital a short time, he escaped, and he had entirely recovered, and learning the whereabouts of his company and regiment, joined them after experiencing many difficulties. Within a few days his regiment went into action in the battle near Heine, in Belgium, just eleven days before the armistice was signed. Young Fuller was dangerously wounded, and died on his way back to a hospital behind the lines.

His officers described him as a young man of dauntless courage and a good soldier. He had many friends throughout this and surrounding counties, his popularity being attested by the large attendance at the funeral, and the wealth of floral tributes placed upon his grave.

PLEASANT STREET STILL AN AUTO SPEEDWAY

Despite repeated complaints made to the police department and the warnings issued through the press, speed-burners continue to make Pleasant street a speedway for their automobiles, to the detriment of pedestrians, and the danger of injury to limbs and perhaps loss of life. The speedsters have no respect whatever for the ordinances and less for the safety of those who are compelled to use the street.

Sunday was anything but a day of peace on this street, owing to the large number of automobiles which raced up and down, with cut-outs open, recklessly plunging through space, regardless of anything and everything. Police occasionally stand in front of the postoffice in an effort to apprehend the speedsters, but as soon as these wise birds spy the uniform they discreetly slow up (for a short time.) Then after the officers have gone they proceed to put through the same old program.

It is a lasting shame and disgrace to the city of Paris that these people should be allowed to continue this dangerous practice. It is impossible for the patrolmen to be at any point at the right time, consequently they are unable to catch the offenders. Remonstrances have no effect, pleadings are in vain, the danger of accident is nothing to them, as long as they are making their speed-burners go the Derby pace in the automobile marathon. How long are the residents of the street, and pedestrians who have to cross the street to be compelled to hug the pavements in order to avoid being killed or maimed by these reckless disregarders of the law?

We know the above to be true from personal knowledge. We know the police are handicapped, and we know that something must be done to safeguard the lives and limbs of citizens. But how is it to be accomplished?

KELLUMS - RICHARDS REVIVAL AT CHRISTIAN CHURCH

The sermon Sunday morning at the Christian church by Rev. Jesse R. Kellums, on "Warning At The Devil's Fire" was a powerful discourse on the folly of training in the enemy's camp.

Sunday evening the subject was "What Must I Do To Be Saved?" At this service there were twenty additions to the church, and at the morning service there were twenty-four. In the one week past there has been a total of one hundred and eight additions. One of the most gratifying results of the meeting is the large number of young men and women who have come forward.

Rev. Kellums in his sermon Sunday night stated that all he could do was to preach the Gospel as he found it in the Bible, and that his hearers would have to do the rest. Rev. Kellums confines his sermons to Gospel topics. His audiences show every evidence of appreciation. At both services Sunday there were capacity crowds.

The ordinance of baptism was administered to nine Sunday evening. The Sunbeam Choir is doing fine. They will give one or two special numbers during the week. The Male Chorus will give a special number Wednesday evening and will lead the singing.

Mr. Richards has the congregation singing in fine style, very much to the enjoyment of everyone.

At the Sunday service the money to defray the expenses of the meeting was raised in about fifteen minutes.

Come early and get a good seat.

BEAUTIFUL TEA FOR D. A. R. OUR CUP OF MISERY RUNNETH FULL

Fifty members of the Jemima Johnson Chapter, D. A. R., of Paris, went to Lexington, last Thursday afternoon by motor car to visit the library at Transylvania College, and see the treasures of old books and manuscripts there. The visit was at the invitation of the librarian, Mrs. Charles Norton, who, assisted by a number of the Transylvania students, showed the guests the most interesting features of the wonderful collection. After the visit to the library the party went to Hamilton College where they were beautifully entertained at afternoon tea by the Bryan Station Chapter, D. A. R.

The rooms had lovely decorations of spring flowers and jars of ferns. In the receiving line were the officers of the chapter, Mrs. Victor Dodge, Mrs. Joseph Beard, Mrs. Harrison Gardner Foster, Mrs. Malcolm Thompson, Mrs. William R. Milward, Jr., Miss Alice Karr, Dean of Hamilton College, and Mrs. Morton.

Assisting in entertaining were Mrs. Lillian Logan Kean, Miss Julia W. Connelly, Miss Erma Watson, Miss Nicholas, and a number of students of Hamilton College, who are daughters of the D. A. R. Mrs. Cassius M. Clay, Regent of the Jemima Johnson Chapter; Miss Lizzie Grimes, of Paris, and Mrs. William Rhodes, State officers of the D. A. R., were present.

The tea table was in the library and was spread with a lace cloth upon which was placed a tall basket of pink peonies, surrounded with pink candles in crystal candlesticks and crystal dishes of pink and white bonbons. Iced tea, with sherbet and sandwiches was served.

During the afternoon there was a charming group of songs by Miss Wells and Miss Louise Marvin, their accompaniments being played by Mrs. Kean.

There were about one hundred present for the happy occasion.

DRILLING FOR OIL NEAR LITTLE ROCK

The first of a series of wells to be sunk in search of oil, will be bored soon on the Squire Harris farm, near Little Rock, this county, by the firm of Jack & Dillon, oil operators, who have leased about three thousand acres of land in that section.

This firm have moved their drilling outfit to the farm of Roger Burris, near Little Rock, where the work of drilling a well to a depth of 1,500 feet will begin some time this week. A geologist has for some time been engaged in preliminary tests and surveys on the lands to be drilled, reporting that tests have been highly satisfactory. The prospects, according to his report submitted, were very favorable.

Among the leases taken were the following: 263 acres of Squire R. R. Burris; Clarence Ralls, 225 acres; John Prather, 370 acres; W. B. Thomas, 400 acres; Leggett Bros., 200 acres; James E. Hopkins, 125 acres; Ben Utterback, 100 acres; H. H. Lowry, 60 acres; Mrs. Katie Bryan, 142 acres.

MEETING OF RICHARD HAWES CHAPTER, D. OF C.

One of the most impressive and interesting meetings of the Richard Hawes Chapter, Daughters of Confederacy, was the one held last Saturday afternoon in the Confederate room, in the court house. The attendance was very good, and the greatest interest was manifested by all present. Mrs. R. L. Wilson, president of the organization, presided over the meeting.

Routine business matters were discussed, principally pertaining to the earnest desire of the members to perpetuate the memory of the Confederate cause. A number of liberal contributions were confirmed, among them the Hero Fund, the Kentucky Division Endowment Fund, and the Lee-Washington University fund. Arrangements for the joint celebration of Jefferson Davis' birthday and the Confederate Memorial Day, on June 3, were put through the preliminary stage, and will be perfected at another meeting, to be held before June 3. The principal addresses at the joint celebration will be made by Lieut. Lot D. Young, of Paris, and H. M. Taylor, of Carlisle. After the singing of patriotic songs, the meeting closed.

While Richard Hawes Chapter is small in numbers there is no Chapter in the State more devoted to the ideals that the organization fosters and its members are a live unit of earnest workers in the "cause that has not been entirely lost."

DON'T FORGET IT MUST BE DONE.

TART'S SO! YOU HAVE TO BUY A GRADUATION GIFT. AND THE PLACE TO GET IT IS AT THE HOUSE OF QUALITY. (17-18) SHIRE & FITHIAN.

WITH THE SERVICE WE ARE NOW GETTING (OR NOT GETTING) FROM ONE OF THE LOCAL TELEPHONE COMPANIES, THE FEARFUL NOISES MADE BY THE COUNTY TRUCKS GOING OVER MAIN STREET, THE AWFUL NOISES MADE BY THE SPEED MANIACS ON PLEASANT STREET; THE CITY ALLOWING GREAT HOLES TO REMAIN OPEN ON THE STREETS; THE WATER WORKS SQUABBLE; ELECTRIC LIGHT AND POWER TROUBLES AND OTHER THINGS TOO NUMEROUS TO MENTION, IT IS NO WONDER THAT THE CITIZENS OF PARIS ARE IN NEED OF REVIVALS EVERY FEW WEEKS.

A man simply cannot hold on to his religion with the above nuisances being allowed to go on day in and day out. Let someone who is not a candidate for something get busy and earn what we poor tax-payers are paying them to do. We have enough laws on the books; enough taxes to pay; enough general worries without being made to suffer those that can and ought to be remedied.

If brother Kellums, who is an expert at saving souls, will only get after those responsible for allowing the violations of the automobile ordinances, and tell them where they are going, if they don't stop some of these speed demons, and those who insist on allowing their machines to emit such sounds from their "cut-outs," some good may result therefrom.

Let's all go to church and try to be better citizens; go to the Commercial Club and try to get something for the good of Paris besides playgrounds and tennis clubs. Let's get down to business and do something for the real betterment of Paris and give it something in a way that will help Paris and Paris business men.

Another thing, let's all vote for men at the coming election who CAN and WILL give us a run for our money.

ATTENTION, K. OF P.

The members of A. J. Lovely Co. No. 34, Uniform Rank, K. of P., are requested to attend the regular meeting to be held in their Castle Hall, in the Wilson building, corner of Main and Third streets, to-morrow (Wednesday) night, at 7:30 o'clock. Final arrangements for the trip to Cynthiana to attend the Decoration Day exercises, Sunday, May 29, will be made.

WM. W. DUDLEY, Capt.

Officers to serve during the ensuing term will be elected at the regular meeting of Rathbone Lodge No. 12, Knights of Pythias. Every member is urged to be present at this meeting, so that a full vote may be taken.

At the recent meeting of Hermon Temple, Pythian Sisters, held in the K. of P. lodge room, the work was conferred on several candidates. About forty members were present to witness the ritualistic ceremonies, which were beautiful and very impressive. There will be several candidates for the work at the meeting to be held on the night of June 2. Every member of Rathbone Lodge, with their wife, daughter or sister, should be a member of this branch of the Knights of Pythias.

Jumping into a passing automobile J. S. Ritchie, of Shawhan, this county, pursued three negroes, a man and two women, who were in his car. Seeing that Mr. Ritchie was gaining on them the negro man jumped from the stolen car and made his escape. The two women were placed under arrest by Patrolman George Judy and brought back to Paris. The man's identity is known and he will be arrested later. The women denied having anything to do with stealing the car, and said the man was teaching them how to operate it.

BIG DAY FOR K. OF C. NEXT SUNDAY

With the initiation of a class of seventy candidates in an all-day session, followed by a banquet served in the court house, next Sunday will be another "big day" in the history of P. I. McCarthy Council, Knights of Columbus, of Paris.

Eight candidates will arrive Sunday morning from Cynthiana, and thirty-five from Falmouth. These, with the Bourbon county candidates, will make up a class of seventy, who will take the first, second and third degrees. A large number of visitors will be present. The days' exercises will begin with mass at the Church of the Annunciation, at 9:30 a. m. The complete program is as follows:

9:30 a. m.—Mass at Church of the Annunciation.

10:00 a. m.—Candidates assemble at K. of C. Hall, Main street, for enrollment.

6:30 p. m.—Banquet at the court house, served by Ladies' Aid Society. The first "big class" initiated by the local Council some years ago brought to Paris an unusually large number of visitors. The occasion was one of the most memorable in the history of the Council, which is rapidly taking a foremost place in the ranks of the State organizations.

IRVINE TEAM ADMINISTERS PARIS SECOND DEFEAT

Walloping the Paris Ruggles baseball team on the Irvine grounds some time ago, the Irvine team came to Paris, Sunday afternoon and administered a second defeat to the same team by the one-sided score of 24 to 6. Paris was outgamed at all stages of the struggle. Paris has expected to have the services of Dud King, the crack Lexington pitcher, for this game, but he could not be secured, and at the last minute Asbury, of Newport, was placed on the mound in the pitcher's box. Paris made a game struggle to cop the score, but Irvine was too strong for them.

The features of the game were the catching of Harris for Irvine, and the batting and fielding of McFarland, Mann and Brewsbaugh for Paris. The batteries in the Sunday game were: Paris, Asbury, Mann and Berryman; Irvine—Wright and Harris. The attendance was estimated at close to 1,000.

RULES REGARDING SELECTION OF POSTMASTERS

Only the "good of the service" will be considered in selecting the man from among the three highest for certification as postmaster. Postmaster General Hays declared in discussing the recent executive order of President Harding on the matter. Congressmen and Senators will naturally be heard by the department as to the qualifications of appointments. Mr. Hays said, adding that this meant Democrats as well as Republicans. Selections made by the Civil Service Commission under the orders of former President Wilson, but not confirmed by the Senate will be ignored and new examinations held for such vacancies, it was said, and the postoffice department is now making up the list by States to certify to the Civil Service Commission. This body, it was declared, is expected to make arrangements for the examination as soon as possible.

Few advertising men know that advertising space in newspapers is by far the economical way to reach the consumer. It is a fact and the only reason that advertising was ever created was because wise and shrewd business men learned that they could buy white space in publications at a minimum cost and because of the message they would put into that space they could make a profit on the transaction and make the advertising a real investment in production of sales and good-will.

In these days of high cost of white paper and printing the advertiser could not print a full-page advertisement and buy the white paper at the small cost that the newspaper charges him for the complete page delivered into the home by invitation. That is to say, the readers of this newspaper buy a paper because they want to read it and because they know they get more for their money at five cents than anything else they could buy at that price. That is what makes the advertising so valuable to the advertiser, provided they have the right message, the right illustration and the right merchandising plan back of the advertising.

Newspaper advertising is by far the most economical method to reach the consumer.

Some FACTS About

Ford
THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembling plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

NEW BASIS TAX LEVY RAISES INCOME EXEMPTION

An entirely new basis for levying national taxes, with exemptions on personal incomes substantially raised, was submitted to the Senate Finance Committee at Washington, by C. B. Clark, of Detroit, who said he spoke for the National Retail Dry Goods Association, the National Association of Retail Clothiers, the National Retail Shoe Dealers' Association, and the National Garment Retailers' Association.

Certainly the plan would divide all incomes into three classes and they with the aid of a sales tax would carry practically the entire revenue burdens. Mr. Clark proposed raising the exemptions on personal incomes from the present \$1,000 for single persons to \$2,500, and from \$2,000 for married persons to \$5,000, with an additional \$500 exemption from each child or dependent, instead of the present \$2,500. The witness also would lower the higher rates on income sur-taxes.

THE ANTI-TIPPING MOVEMENT.

1.—Be it known, that we, the members of the Anti-Tipping League do flatly denounce the use of babies' nursing bottles. Babies using the nursing bottles are liable to acquire the habit of tipping, and such habits will greatly embarrass the faithful efforts of the Sahara League, who have worked so feverishly to keep bottles away from the future generation. We, the members of the Anti-Tipping League, do recommend feeding babies thru straws, as such procedure will eventually eliminate the use of the filthy nursing bottle. We, the members of the Anti-Tipping League, solicit the assistance of all reformed drunkards, professional reformers, wet prohibitionists, and all others opposed to personal liberty. Let you Knights of Deceit assist us in the elimination of the filthy nursing bottle.

THE ANTI-GASTRIC FERMENTATION MOVEMENT.

2.—Be it known, that we, the members of the Anti-Gastric Fermentation League, will make known a great error made by the compounders of the U-Kant-Havit League. Be it known, that the compounders of the U-Kant-Havit League, while drawing up the Sahara Code, failed to mention Gastric Fermentation. Let it be known, that we, the members of the Anti-Gastric Fermentation League, have this day caused to be written in said Sahara Code, a clause to prohibit the fermentation of the gastric ingesta in human stomach. Be it further known, that as soon as the clause has received honored legislation and becomes a realization, those persons failing to take 1 drachm (1 Dr) of Sodium Bicarbonate (NaHCO₃) following each meal will receive Federal attention.

THE ANTI-REFRIGERATOR MOVEMENT.

3.—Be it known, that we, the members of the Anti-Refrigerator League, propose or mean to prohibit the use of refrigerators, as such instruments of shame will tend to harbor an unlawful beverage, commonly known as Home Brew. Thru the gallant efforts and co-operation of the Sahara League we hope to accomplish our aim. If need be, we will take legislative steps.

THE ANTI-RECEPTACLE MOVEMENT.

4.—Be it known, that we, the members of the Anti-Receptacle League,

are opposed to the use of any receptacle possessing a capacity of more than four fluid ounces (4 oz.) Receptacles of larger capacity are also classified as instruments of shame, and will assist as law violators, by acting as retainers for filthy Home Brew and Home-Made Wine. The receptacles that we are determined to eliminate, are as follows: Pint and quart bottles, (glass) gallon bottles and jugs, corks, pickle kegs, cooking utensils, wash tubs and boilers, watering troughs, cuspidors, garbage cans and barrels. The elimination of such receptacles will tend to reduce the amount of Home Brewing.

THE ANTI-TEA AND COFFEE MOVEMENT.

5.—Be it known, that we, the members of the Anti-Tea and Coffee League, have resolved to start an Anti-Tea and Coffee crusade for public benefit and welfare. We, the members of this League, recommend that the importation of tea and coffee be prohibited at once. Detailed analysis of said tea and coffee by our League Chemist, shows that tea contains (Tannin) and coffee contains (Caffeine). Both these stimulants are very destructive to the human mind and body. After we, the members of the Anti-Tea and Coffee League, have forced thru legislative channels our cause, and are blessed with the proper lawful authority, we, the members, will prohibit the sale of said injurious tea and coffee. We, the members, recommend the following drinks as substitutes for tea and coffee. They are as follows: Parsnip tea, sassafras tea, beet pottle, tansy tea (very good for children with worms.) Anti-chalk frappe, buttermilk, sweet milk, postum, cherry flip, pineapple ade, and many others too numerous to mention. The use of tea and coffee is just a filthy habit and should be discontinued.

THE ANTI-SILO MOVEMENT.

6.—Be it known, that we, the Anti-Silo Leagues, do favor the abolition of all silos, as our research and information received, thoroughly convinces us that corn and alfalfa laced in a silo, will within a short time start to ferment. In the Sahara Code, fermentation of any sort is a direct violation of Sec. 13, Article B, V. D. of the U-Kant-Havit Law. The ensilage contained within said silo, gives off injurious and intoxicating alcohol, and the cattle that partake of said ensilage, have been known to be drunk (intoxicated.) We, the members of the Anti-Silo League, do condemn silos and ensilage as a food constituent for cattle. We aim to protect the cattle, and prevent them from becoming addicted to the alcoholic evil.

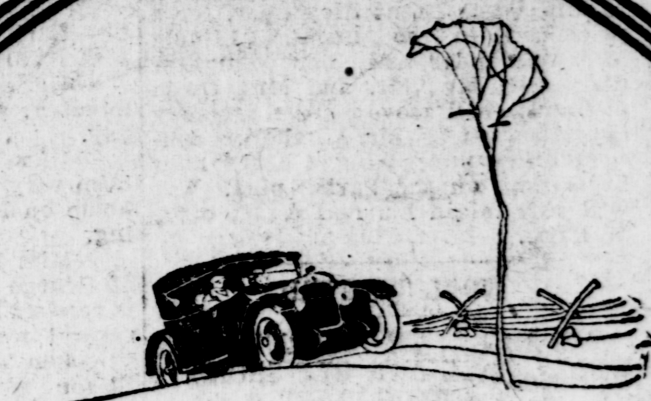

THE ANTI-TOBACCO MOVEMENT.

7.—Be it known, that we, the members of the Anti-Tobacco League, do solemnly agree to do all we can, in the campaign against the filthy weed, known as tobacco. Our League Chemist has analyzed tobacco and reports to us, that this filthy weed contains a very injurious poison, known as (Nicotine), which is very injurious to the human mind and body. It causes men to rob banks, holds up trains, disrespects law and order. It also is the cause for gambling, insanity, illiteracy, desire for alcoholic beverages, and many other evils that do not harmonize with total abstinence. Demon alcohol is listed with the dead, and we, the members of this League, are fully convinced that tobacco is the cause of the above-mentioned evils. For example, we will take the American Indian. He used tobacco long before the white man put foot on American soil. By the continued use of this poisonous weed, the great American Indian has nearly become extinct. We, the members of this League, will work constantly, feverishly, intelligently, and consciously of only one thought to eliminate this terrible weed. We, the members of this League, do recommend the following substitutes for tobacco chewers, as follows: Licorice root, slippery elm, chewing gum, tar gum, cherry gum, paraffine gum, and rag weed (dried.) For the smokers we recommend the following: Corn silk, (dried), mullein, dried alfalfa leaves, dried onion leaves, and a good grade of dried cabbage leaves. The present generation may not smoke here, but they are sure to smoke hereafter.

THE BLUE-LAW MOVEMENT.

8.—Be it known, that we the members of the Blue-Law League, do pledge ourselves to bring about total recognition of the Sabbath, the seventh day of the week, observed by the Jews as a day of rest, commencing from sunset on Saturday, and ending sunset on Sunday. We, the members of the Blue-Law League, will submit the following restrictions on Sunday activities: No shows, base ball, fishing, hunting, auto-riding; all dogs must be muzzled to prevent them from barking; all cats must be locked up; roosters not allowed to crow; passenger trains must cease to functionate on this day; cooking and all other household duties must be arrested on this day; kissing and making love is prohibited (this rule applies to married or single couples) if possible, birds must not be permitted to sing or fly; doctors, undertakers, druggists, police officers, firemen and all others performing emergency duties, must have a special permit in order to functionate. Said permit may be had, by making application to the Secretary of the Blue-Law League. A nominal fee will accompany each application. Our motto is to have all the above restrictions enforced, even if we, the members of this League, have to resort to drastic measures. We, the members of this League, aim to have a good, clean, pure, moral Sabbath. If need be, we will resort to legislation. To the best of my ability, I have tried to outline the fundamental principles of the various Anti-Leagues, what they stand for, and their anticipation of a moral goal, through Federal and legislative channels.

In response to the inquiry of many telephone subscribers: "What can I do to help my service?" this advertisement is published.

The Right Way Saves Annoyance

There are two ways to call a telephone number.

The wrong way is to call from memory to "take a chance," to trust to luck that your memory doesn't play a trick on you, with the fickle figures in a telephone number.

The right way is to consult the Telephone Directory before calling and make sure you have the right number.

The right way saves annoyance to yourself and to the persons you might have called by mistake. It helps build up a higher grade of service for yourself and others. It eliminates useless calls which hamper service.

U. S. MARINE CORPS OFFICERS TRAINING SCHOOL

Adhering to its policy of rewarding meritorious members of its enlisted personnel with commissions, the United States Marine Corps will open an officers' training school in or near Washington this summer, to fill over a hundred vacancies in the commissioned personnel of the Corps. During the war more than 800 enlisted men were commissioned in this country and France. The highest rank so far attained by an enlisted man who received his commission as a reward for meritorious service is that of a senior Colonel.

The order recently issued by the Major General Commandant specifies that no non-commissioned officer will be considered for such advancement, who shall have had less than one year's service in the Army, Navy or Marine Corps, of which not less than six months shall have been in the Marine Corps. Only men between the ages of 21 and 27 years will be considered.

Those, and they were many, who regarded Woodrow Wilson as a man determined to be in the limelight are finding it hard to account for the seclusion and silence of the former President, and his refusal of remunerative offers to say what he easily could say for magazines or newspapers without taxing his mind or body.

Eleven colored men, charged with indulging in the seductive game of "craps" in the colored suburb of Ruckerville, were arrested Sunday night by Patrolman Robt. Lusk, and placed in jail. In Judge Batten's court yesterday morning they were arraigned on the charge, and fined \$20 and costs each.

Sheriff Will G. McClintock swooped down on a house in Clayville, Sunday night, where a "crap" game was said to be in progress. He found three colored men sitting at a table on which were cards and a small amount of money. The men denied gambling and stated they had been discussing the crop outlook and merely betting a little money on prospects. Sheriff McClintock confiscated the money and cards and warned the men about "dealing in futures." They were later dismissed in Court.

MEMORIAL SERVICES AT CANE RIDGE CHURCH.

Rev. W. P. Crouch, pastor of the Carlisle Christian church, assisted by Evangelist Jesse R. Kelums, who is conducting a revival at the Paris church, conducted memorial services Sunday afternoon at the historic old Cane Ridge church, in honor of the late Capt. James R. Rogers, whose life was so closely identified with the history of the church. A special musical program was also rendered by a selected choir. The church was taxed to its utmost capacity, and many were standing on the outside during the services. The addresses were mainly on the life and character of Capt. Rogers, whose devotion to the church and to Masonry gained him a place secure in the affections of the congregation and the people of the county.

—Mr. and Mrs. B. F. Judy entertained at their home in North Middletown for a party of traveling men composed of the following: Ben Downey, W. B. Clark, Teddy Campbell, of Lexington; W. F. Clarke, of Winchester; Frank Mathias, Charles Mathias and James Howard, of Carlisle.

—Miss Marie Collins, of Paris, field representative of the American Red Cross, spent part of the past week in Winchester, with Miss Helen Teale, of Cleveland, O., State Supervisor of Nursing Service of the Red Cross, and Miss Anna Casey, Red Cross Community Nurse employed by Mercer Chapter, of Winchester.

—Mrs. James H. Thompson was hostess to the Jimmie Johnson Chapter, D. A. R., Saturday afternoon, at her lovely country home, Woodlawn Villa, on the Lexington road. About one hundred members were present. After a very interesting program, presided over very graciously by the regent, Mrs. Cassius M. Clay, a very delicious salad luncheon was served, consisting of tomatoes, chicken salad, beaten biscuit, hot rolls and coffee, mints and nuts. Visitors from other Chapters were Mrs. James Caperton, regent, and vice-regent Mrs. Neal, and Mrs. Greenleaf, of Richmond; Mrs. John Cannon, Miss Rebecca Amyx, Frankfort; Miss Carr and Miss Tilton, of Hamilton College; Mrs. R. G. Stoner, of Mt. Sterling.

TEA AT SUNNYSIDE

—Since the Eighteenth Amendment has gone into effect, some of the lustre of Bourbon county's crown has been dimmed, but perhaps after all Fate has been kinder than we deserve in leaving us the best two out of three jewels. Beautiful women, and the old time open hospitality of our forefathers are still ours and never did the sun shine on a lovelier scene than greeted the eye at Sunnyside last Friday afternoon.

Two weeks ago Mrs. Miller Ward sent out invitations all over Central

Kentucky asking her friends to her beautiful home on May 20th, to meet and welcome the recent bride in the family, Mrs. Quincy Ward. Mr. Quincy Ward is well known throughout the State, having held the appointment of Game and Fish Commissioner through two terms. A list of his friends would mean a copy of the Assessor's books, so none were surprised at the steady stream of cars that passed through the handsome gateway at Sunnyside from three until six on Friday afternoon. Nature was in her most lavish mood when the place was planned and year after year has only added beauty and charm to the stately pile that has been the home of the Wards for nearly sixty years. The long hall running from front to back, the big double parlors on the right, the living room, dining room and sun parlor were ablaze with peonies, irises, syringa, columbine, roses, huge baskets of fern and asparagus, and the strains of piano, flute and violin blended with the sound of happy voices. Mrs. Ward and Mrs. Quincy Ward stood in the rear parlor and received their friends with an old-fashioned cordiality and hospitality that made each guest feel especially welcome and that carried a charm all its own in this day of "substitutes." War times taught us many lessons and 'twas then that we learned there are substitutes for meat, and substitutes for wheat, and substitutes for wool; O, so many! But for a smile that's warm and true and a hand held out to you—you'll look in vain for you see there isn't any.

Both ladies wore handsome afternoon toilettes, Mrs. Quincy Ward wearing a hat. Guests from Winchester, Lexington, Georgetown, Versailles, Louisville and Frankfort were present. Iced drinks were served in the sun parlor by Mrs. James Metcalfe, Mrs. Hiram Roseberry, Mrs. Clay Ward and Mrs. Overton Harbor. An elaborate collation made up of fruit salad, croquettes, ham, chicken a la ring, beaten biscuit and sandwiches were served. This was followed by a merange filled with strawberry cream, crowned with one huge berry, candles, nuts and mints.

Bourbon county is famous for her delightful social gatherings, and this tea at Sunnyside brings added brightness to her name. Among the friends who assisted Mrs. Ward in entertaining were Mrs. James Thompson, Mrs. Jos. M. Hall, Mrs. Thompson Tarr, Mrs. Charlton Alexander, Mrs. W. A. Johnson, Mrs. May Stoner, Mrs. Miss Kate Alexander, Mrs. Arthur B. Hancock and Mrs. Frederick A. Wallis.

Among the out-of-town guests were Mesdames Clay Lyons, Owsley Brown, Lyle Bayless, W. A. Johnson, Louisville; W. R. Shackelford, Bates Shackelford, E. T. Burnam, Overton Harbor and Miss Helen Burns, of Richmond; Henry Bosworth, W. T. Lafferty, Charles Brent, Nathan Elliott, Miss Lida Clay Ingels, of Lexington; Mesdames Robert L. Stout, Rogers Clay, Frankfort; Misses Julia Graves and T. Buckner, Winchester; D. L. Moore and Miss Minnie Ball Moore, Harrodsburg.

WHAT PARIS WANTS TO KNOW

The Answer Is Found In the Statement of a Paris Resident

From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Paris man:

Phillip M. Heller, proprietor meat market, 314 Second street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. Whenever my back has been weak or lame or my kidneys have acted too frequently, causing me to get up during the night, a box of Doan's Kidney Pills, which I get at Varden & Son's Drug Store, has always given fine relief. I certainly think Doan's are a splendid remedy and gladly recommend them to anyone." (Statement given November 9, 1916.)

On November 12, 1920, Mr. Heller said: "I am glad to say the cure Doan's Kidney Pills made for me has been a lasting one. All I said in the past in favor of them I now confirm for I think just as highly of Doan's to-day as I ever did."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co., Mfrs., N. Y.

A recent invention is a clay photograph needle, made from a dark red or chocolate-colored shale.

"THE KINGDOM ROUND THE CORNER."

The title of this book, "The Kingdom Round The Corner," is alone enough to make the least curious want to read this newest novel by Coningsby Dawson.

In addition to being one of the cleanest and most inspiring of stories, and one of the few that will live on beyond the author's generation, it actually surpasses the charm and whimsicality of that leader among his earlier novels, "The Garden Without Walls." Incidentally, it will be especially interesting to those who follow current literary developments, to see how happily this brilliant writer has succeeded in introducing into his new novel the elements that will weld together his several audiences—the one that admired his earlier fiction; the vast audience that made best sellers of his war books and called, one of them, "The American Bible," and the recently added group that applauded him for his work under Secretary Hoover in behalf of the starving children of Central Europe.

It is the kind of story that plays softly on the heart-strings. It is the story of Tabs who comes back from the war to find the kingdom he had built up in his dreams slipping from him. But—it is there for every man and woman, the kingdom round the corner. When things look blackest, we may dream of it, for just one more bend in the long road, and it may be waiting for us—the land of fulfilled dreams.

This is the wholly charming and delightful story of Tabs' search for his kingdom and how he found it. The book will be issued soon from the press of the Cosmopolitan Book Corporation, in New York, and will be on sale at the book stores.

Performing Duty.
Let us do our duty in our shop or in our kitchen, the market, the street, the office, the school, the home, just as faithfully as if we stood in the front rank of some great battle, and we knew that victory for mankind depended upon our bravery, strength and skill. Miss Katherine Zempfer, of Falmouth, has returned to her home after spending a week with Mr. and Mrs. R. C. Bornar and family.

Miss Stella Bornar, of Dayton, Ky., Mrs. Henry Bornar and Morris Bornar, of Falmouth, were guests of Mr. and Mrs. R. C. Bornar and family, during the High School Commencement.

The American Legion held a meeting in the Park, Thursday afternoon, at which some of the State officers were present. Two interesting talks were delivered.

Mr. and Mrs. C. R. Jones and little daughter, Katherine, were at the bedside of Mr. and Mrs. Matt. Daugherty, at Elizaville, Sunday, who are quite ill with typhoid fever.

The new M. M. I. held its field day exercises on its new grounds recently purchased from Mr. S. M. Allen, Saturday at 2:30 p. m. A large crowd was in attendance, and notwithstanding the inclemency of the weather, which was very threatening at the opening of the exercises, the program was carried out. The Cadet corps was small, but well trained, and reflected great credit on Major Nelson. The medal for manual-arms was awarded to Cadet James Fisher. In closed contest, after the drill, short addresses were delivered by Judge Denis Dundon, Hon. James Thompson, of Paris, and others. At 4:00 p. m. an informal reception was held on the same same grounds by the Cadets, at which ices and cakes were served.

The Commencement exercises of the Millersburg High School were held Thursday night in the High School Auditorium, at which time Miss Bernice Bornar and Mr. Vernon Stamper took their degree. The literary address was delivered by Rev. W. E. Ellis, pastor of the Paris Christian church, and was indeed appropriate. The diplomas were awarded by Professor W. Lancaster, principal of the school, in a neat address. A good musical program was rendered. Friday 10:00 a. m., the Parent-Teachers' Association, gave a miscellaneous program, Mr. R. C. Bornar presiding. Short addresses were delivered by Elder J. W. Slater, Mr. M. E. Pruitt, Mrs. S. E. Bruce, while the principal address of the occasion was delivered by Mr. O. E. Hurst, in which he reviewed the wonderful work done by the New Millersburg Graded School during the first year of its organization. It was not until late in the summer, owing to certain controversies that a faculty was gotten together, and the school achieved during this first year far more than it expected. A good interesting musical program was also rendered. At the close of the exercises Prof. Lancaster read the honors of the year and Prof. Jones awarded the medals. This closed one of the most brilliant commencements ever held in Millersburg, when you consider the fact that this was the first year of our New Graded School.

The Commencement exercises of the Millersburg College opened Friday at 8:00 p. m., in the College Auditorium, at which time Misses Pauline Jones, of Millersburg, and Helen Hawkins, of Arkansas, gave their graduation recital in piano and voice. The numbers rendered by Miss Jones were classical and difficult, and were handled with the skill of an artist, while those rendered by Miss Hawkins were equally good. This, too,

in view of the fact that Miss Hawkins is suffering from throat trouble, which calls for an operation as soon as her school work is completed. On Saturday evening at the same time and place, the young ladies of the college gave a beautiful operetta, which was well rendered, and in many respects was difficult as well as beautiful. Sunday at 10:30 a. m. Dr. Jones Paul, Vice-President of Asbury College, at Wilmore, preached the baccalaureate sermon, after a well-rendered musical program, to the fourteen graduates. His sermon was along the line of education and he paid a glowing tribute to all schools, who were doing pure educational work, especially those who were conducting Christian education. The High School, the State Universities and Christian colleges, were all doing good work and were necessary, as neither of them were big enough and broad enough to take care of all the people. Sunday at 8:00 p. m., Dr. Paul preached the sermon to the College Missionary Society, which was exceptionally good and logical, with no reference to statistics. It was one of the best sermons of its kind ever delivered in Millersburg.
